ABOUT US

We began as a dance program at the YMCA. Laura Hanson and Amanda Wike opened the studio for summer dance camps in June 2020 and Statesville Dance was born!

Statesville Dance welcomed Ms. Ally Capehart as an instructor in 2021. The studio continues to grow and was voted one of the top three dance studios in Iredell County of 2022.

We take pride in being a part of our local community and perform at many events such as Pumpkin Festival, Balloon Festival and the Statesville Christmas Parade.

Being a performing arts studio, we offer piano, singing and drama lessons as well as dance. We also host Birthday parties and special events such as Parents Night Out and a Car Show.

We strive to have excellent communication with our dance families and build a friendly, positive environment in the studio.

CLASSES

Class Placement

Through years of training and teaching, we have learned that class placement has many facets. As a result, our studio faculty meets regularly to discuss students' progress and/or placement. It is our policy to offer appropriate opportunities to every child.

We consider placing a child in a particular group or class where he or she will feel confident, in order to promote the development of self-esteem. Some students who are placed in higher levels become discouraged, only to lose their passion for dance. Others respond to the challenge of being in a class with students who are more proficient by pushing themselves to work harder. Placement is highly individual and the factors that go into the decision are complex. We want our students to succeed in dance and life!

OUR YOUNGEST CLASS

Dance With Me (Ages 2.5-3)

This class has been specially designed for 2–3yr olds who are not yet comfortable being in a class alone. Each child is joined in class by a parent or caregiver who will be the child's "dancing partner." Through movement exercises, games, stories and other activities, the very young are introduced to the joy of creative movement in a fun, musical setting. It's a confidence booster wrapped up in a fun, invigorating class!

CLASSES

RIISING STARS PROGRAM -- All classes perform in year end recital.

Twinkle Toes (Ages 2.5-3)

Designed for our very young dancers, our Creative Movement Dance class is a great introduction into movement and music. For many students, this is the first time being away from Mom and Dad and this 30 minute class is a great way to start. Dancers explore stretches, sound, rhythms and locomotor movement as well as other life skills such as listening, taking turns and following directions.

Rising Stars 3, 4 & 5

Combining Ballet, Jazz, Tap and Creative Movement, this one-hour class develops your child's coordination as well as helps them gain an understanding of basic dance concepts and terminology. This broad introduction into dance creates much excitement and prepares them for many future dance genres.

Hippity Hip Hop (Ages 5-7)

This high-energy hip-hop class incorporates a variety of old and new urban dance styles. The dancing represents body movements that go with the beat and rhythm of hip-hop music. Hip hop dancing is very dynamic and helps dancers improve their flexibility, develop body balance, and coordination.

CLASSES

RISING STARS PROGRAM -- All classes perform in year end recital.

Preschool Acrobatic Arts (Ages 3-5)

The AcroDance Preschool Program is designed to introduce physical literacy, coordination, creative movement and basic acrobatic skills to students aged three to five years. This program includes lesson plans, music, and teaching props to take this early childhood dance program to a new level!

SHINING STARS PROGRAM -- All classes perform in year end recital.

- *Please contact us for appropriate class placement level.*

Ballet

Ballet dance is the foundation of all dance and its techniques are needed to be proficient in all other styles of dance. Ballet classes help with posture, balance, flexibility, self-discipline and self-confidence.

Hip Hop

Hip Hop is a high energy class that includes street dancing, breaking, popping and locking. Class encourages students to step outside the box by bringing their own individual style and personality to the movements.

CLASSES

SHINING STARS PROGRAM -- All classes perform in year end recital.

- *Please contact us for appropriate class placement level.*

Lyrical

Lyrical is the fusion of different dance styles (Ballet, Modern, Jazz etc.) stressing versatility and expression. This class focusses on self-expression, special awareness and body movement. Ballet class or previous ballet training is highly recommended.

Combination Class

This one-hour dance class dives into the fundamentals of ballet, jazz and tap technique. Starting with a ballet warm up and stretches, moving into basic jazz steps across the floor and combinations and ending with rhythm and sounds for tap. For recital combination students will perform two dances- Jazz and Tap.

Musical Theater (Ages 8 & Up)

Students learn choreography from selected Broadway musicals. With a little bit of group singing, some drama and a lot of dance we will experiment with a variety of dance styles along with acting and developing character. It's the kind of drama parents have no issues with developing!

CLASSES

ACROBATIC ARTS ® -- All classes perform in year end recital.

Acrobatic Dance, or acro as it is commonly referred to by dancers and dance professionals, is the beautiful fusion of classic dance technique and the precision and athleticism of acrobatic elements. Often defined by unique choreography, acro dancers seamlessly blend musicality, emotional expression, line and extension with acrobatic movements in a dance context.

Acrobatic Arts starts at the very beginning, teaching students what they need to know about proper placement and technique so they will have the building blocks to progress safely and quickly from one level to the next. Acrobatic Arts is a foundational program for Acro Dance taught over 12 levels in progression: with each level building on the previous level's requirements. Theory classes including anatomy and choreography as well as practical classes in spotting ensure that Acrobatic Arts Certified Teachers understand how to properly introduce skills with excellent technique in a safe and fun environment. The material taught is based in true acro, preparing students to perform skills on a hard stage as part of a complete dance routine package, in 5 skill areas: Flexibility, Strength, Limbering, Balancing and Tumbling.

The syllabus contains 12 levels with well thought out progressions that take students and teachers from the very beginning to advanced levels. We love how well rounded and progressive this program is and are looking forward to watching our students grow even more in their dance education.

Join us for Acro Dance (Ages 6 and up) or Acro Dance Preschool (Ages 3-5). All placement levels are determined by instructors.

PRESCHOOL PARENTS

Our purpose is to provide the highest-quality preschool education in a secure, nurturing, and stimulating environment. Statesville Dance serves the physical, emotional, and intellectual needs of the preschool students. We meet these goals with our age-appropriate curriculum and ongoing communication with parents.

The first few weeks of classes serve as an introductory phase to help students become comfortable with the overall dance experience, the classroom, their teacher, and their classmates. From the beginning, we focus on your child's coordination, listening skills, musical awareness, and developing imagination. We accomplish this through age-appropriate music and song, simple stretching exercises, dance basics, and games in an environment of creativity. Preschool dance is about helping children learn to tap into their imaginations and express themselves creatively, not necessarily about learning steps (although they will be introduced to basic technique). Just because your child doesn't pirouette around the house or look like a budding ballerina right away doesn't mean important skills are not being learned.

Separation from the Parent

The process of separating from the parent as the child attends dance class is an important accomplishment of preschool children. As children mature, they begin to identify themselves as independent personalities. In separating from you, your child is learning important life skills such as:

- developing interest in the activities of the dance class
- feeling comfortable with other children in the class
- understanding that his/her parent will come back and pick him/her up as well as all parents return to pick up their kids

PRESCHOOL PARENTS

It is important to know that many young children explore the limits of attending dance class and say they don't want to go. This may occur anytime, but it is usually short-lived. Here are some suggestions that may help you handle the situation:

- Emphasize what the child is doing at the dance class rather than what you do while he or she is in class.
- Avoid prolonged good-byes.
- Ask the teacher or assistant for help in separation. We expect the crying and we will patiently work your dancer through her/his difficult moments. Tears are usually short lived and quickly turn to a smiling face.

Timing is Everything -- It May Not Be the Right Time

If your child cries or does not want to take class, don't panic. If we push children and create more stress than they are already experiencing, they may perceive dance class as a bad experience. That kind of negativity could make them apprehensive about dance for a long time, which isn't good for anyone involved. Never force your child into the classroom. If your child stops attending class within the first month, the registration fee will be credited to the following year. We encourage you to have your child try again next year. We recommend that children be encouraged to practice at home but don't force them to do so. Repetition is one of the key elements for success with preschool dance students; the more they practice, the more confident they will feel. Practicing with your child allows you to join in the dance experience.
